

# Habitat & Hope Village

MICRO ESTATES, SALEM, OREGON

## HHV Advisory Council

We would like to invite you to become a member of the **Advisory Council** of **Habitat and Hope Village (HHV)**.

We are a nonprofit organization that seeks to provide transitional housing and supportive services for those currently without shelter. The scourge of homelessness affects far too many in our community, and if you share our compassionate vision of doing what we can to end homelessness, then we hope you will be moved to join us in this much needed effort.

We are inviting a number of people in our community to join us in this endeavor, without a major commitment of time. Our concept of the Advisory Council includes the following elements:

- People who are vitally interested in ending homelessness in our community. The term of service is strictly at the will of the individual member. We will be asking for your advice as our program continues to evolve.
- Members will be kept posted by means of periodic emails.  
***There are no regular or compulsory meetings.***
- Members should feel free to make suggestions to the Habitat and Hope Village Board of Directors and standing committees.
- Members, based on their own experience and interest, will have opportunities to participate in standing committees. Participation is strictly voluntary.
- Members are encouraged to identify other like-minded people and nominate them to become members of the Advisory Council and the Board of Directors.
- Members are encouraged to identify individuals and organizations that might want to place their name on the HHV website as “supporting” individuals and organizations.
- Members will have the option to place their own name on the HHV website as a member of the Advisory Council and for promotional activities.
- Advisory Council members may help the project by:
  - giving credible advocacy to people and organizations who can help the project.
  - using special skills to help the project.
  - recruiting other valuable people to help the project.

We hope you will accept this invitation recognizing that together we can make a significant and meaningful contribution toward ending homelessness. We'll be honored to have you as a member! We also ask that you fill out the attached information page. Please review our website at ***habitatandhopevillage.org*** and feel free to contact us if you would like additional information.

*With Gratitude and Respect,*

*Paul Wilson*

**Paul Wilson, HHV President, and the entire Board of Directors.**
